

## Digital Wire Cutting & Stripping Machine – AWS 220

The AWS 220 Machine is designed for high-speed, precise cutting & stripping making it ideal for efficient, automated wire processing in production environments.

### Specifications:

|                               |                                     |
|-------------------------------|-------------------------------------|
| <b>Model</b>                  | AWS 220                             |
| <b>Cutting Length</b>         | 0.1 to 9999mm                       |
| <b>Stripping Length</b>       | 0.1 to 99 mm (As per wire material) |
| <b>Wire Diameter</b>          | AWG 16 to 32                        |
| <b>Power Supply</b>           | 220V AC (single phase), 50 Hz       |
| <b>Dimensions (L x W x H)</b> | 450 X 480 X 340 mm                  |
| <b>Weight</b>                 | 40 Kg                               |

### Features & Benefits:

- Suitable for cutting & stripping operations
- Can feed and cut two wires simultaneously
- High-speed, accurate, and consistent performance
- Adjustable cutting and stripping lengths as per wire material
- Compact and robust design for industrial use

**ERGONOMIC AND VERSATILE, TRUSTED BY PROFESSIONALS**
